Maintenance Period and Payment Rule

We are pleased to offer a maintenance period for the services we provide. However, to ensure a smooth process, we kindly ask you to follow the guidelines outlined below:

Compliance with Rules:

During the maintenance period, all work will be conducted in accordance with the specific rules and procedures set forth by our team. Any deviation from these rules may affect the scope of services provided during maintenance.

New Payment Terms:

The payment structure for maintenance services will follow our newly established payment rules. This means that:

Maintenance work will be billed according to the updated terms, and payment must be made within the time frame specified in the agreement.

Any additional work requested outside of the agreed maintenance scope will require a separate payment arrangement.

By adhering to these guidelines, we aim to provide a seamless and effective maintenance experience for your project.
